

<https://smecen.com/>

i) Who would best benefit from this solution?

SMEs and in-house tax or finance professionals

ii) Short Write-Up

DashBod is a cloud-based integrated software solution that streamlines Accounting and Human Resources processes, relieving companies of their daily administrative burdens and enabling them to focus on their core business.

It was developed by the Association of Small & Medium Enterprises (ASME), with support from Enterprise Singapore, Accounting and Corporate Regulatory Authority (ACRA) and Inland Revenue Authority of Singapore (IRAS).

iii) Why should SMEs and in-house tax or finance professionals use this solution?

The software combines Accounting, Human Resource as well as Compliance Modules into one integrated software which is cloud-based. Be it monitoring payments and cashflow, managing payroll and claims, preparing reports for statutory filings and accessing a host of other key company information, these can all be done by SME owners and management anywhere, anytime.
